Dear Mark

Now that our project is completed, I just wanted to let you know that over the past 20 years I have lived through at least 12 remodels on various houses. The jobs have ranged from large to small including lifting a house and creating a new foundation and basement, entire home remodeling, and down to small bathroom remodels.

Working with Tracery has been the most stress free and professional of any of my experiences. We have always contracted top of the line companies and none have given us the service and quality of work that you have provided. Your sub-contractors were excellent and you were always on the property to oversee the quality of the work. You showed up when you said and finished the job on time and within the expected budget. This has been the first remodel where I am actually sorry to see you go.

Thanks again for your excellent work.

Regards

Jacqueline Boberg
